5. Quality Gates

How do we know it's working? Where does a human stay in the loop?

Skill / Agent	What Could Break	Quality Gate	Who Reviews	Review Cadence

Common failure modes to watch for:

Failure Mode	Risk?
Hallucinated statistics or citations	
Wrong tone or voice	
Missing context from source documents	
Outdated information surfaced as current	
Sensitive data exposed inappropriately	
Output format doesn't match expectations
